

A list of projects for Honours and Master Thesis

Jiangshan Yu

July 19, 2019

1. Blockchain bugs
<https://supervisorconnect.it.monash.edu/projects/honours/blockchain-bugs>
2. Benchmarking RepuCoin
<https://supervisorconnect.it.monash.edu/projects/honours/benchmarking-repucoin>
3. RepuCoin visualisation
<https://supervisorconnect.it.monash.edu/projects/honours/repucoin-visualisation>
4. RepuCoin wallet (desktop application)
<https://supervisorconnect.it.monash.edu/projects/honours/repucoin-wallet-desktop-application>
5. RepuCoin wallet (mobile application)
<https://supervisorconnect.it.monash.edu/projects/honours/repucoin-wallet-mobile-application>
6. Smart contract for RepuCoin
<https://supervisorconnect.it.monash.edu/projects/honours/smart-contract-repucoin>
7. Privacy Technologies for Blockchain
<https://supervisorconnect.it.monash.edu/projects/honours/privacy-technologies-blockchain>
8. Advanced Data Structures for Blockchains
<https://supervisorconnect.it.monash.edu/projects/honours/advanced-data-structures-blockchains>
9. Blockchain Architecture for Digital Health Data and Consensus
<https://supervisorconnect.it.monash.edu/projects/honours/blockchain-architecture-digital-health-data-and-consensus>
10. Environmentally friendly mining of cryptocurrencies using renewable energy
<https://supervisorconnect.it.monash.edu/projects/honours/environmentally-friendly-mining-cryptocurrencies-using-renewable-energy>
